WORK EXPERIENCE

Full-Stack Developer Intern, Deep Dive Coding
May 2020 - June 2020
- Completed a 10-week full-stack web development course, developed a personal portfolio of websites and built a large-scale team application. Tools utilized included HTML5, CSS3, JavaScript, Bootstrap 4, MySQL, GitHub, and node.js.
- Utilized three.js, a JavaScript library/API to develop in-browser 3D graphics for my team's application.
- Completed off-site/completely online with Zoom, Slack, and Discord.

Associate Agent, Redfin
May 2018-Present
- Conducted single-family buyer tours, facilitated photo shoots and inspections, and hosted open house events.
- Utilized proprietary online technology to provide research for clients.

Content Producer, Freelance
November 2017-Present
- Researched/wrote articles and performed copy-editing for various online real estate blogs.
- Provided market insight for both residential and commercial real estate teams.

Client Services Specialist, CBRE
April 2015-November 2017
- Performed Albuquerque multifamily market survey three times per year, underwrote and assembled marketing packages for listings, interfaced with clients, and conducted tours.
- Wrote real estate contracts for large- and small-scale investment deals.
- Provided administrative support for a team of top-performing brokers.

Ryan Mills

Albuquerque, NM ▮ 505-269-9539 ▮ ryanmillsabq@gmail.com

Receptionist/Accounts Payable, CBRE
Albuquerque, NM, July 2013-April 2015
- Performed general reception duties, overhauled and maintained a variety of file systems, and assisted with brokerage, property management, and transaction coordination.
- Performed accounts payable duties and collaborated with commercial vendors for property marketing and maintenance.
- Completed licensing coursework and attained real estate license.

EDUCATION

Western Illinois University - Bachelor's of Music

Deep Dive Coding - Full-Stack Web Developer Certification
